Forty five miles north-west of Lisbon International Airport and with excellent road links, it provides an ideal destination for year round breaks. The newly refurbished country railway station is five minutes from the apartment and there is an excellent coach service which runs regularly and is popular with shoppers who wish to explore the city life in Lisbon. Small boats bob at anchor in the sheltered 'smile shaped' bay, which is enhanced by iridescent shimmering silver sand, from which the name originates. Water sports are all available from the beach.

The recently completed Bayside Resort occupies a central position in what was originally a small fishing village. It boasts the largest swimming pool in the area for exclusive use of the residents, with extensive sunbathing & play areas. It is also only 3 minute walk to the beach.
